THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public, for genuine Read advertisement Beware of Pedlars

[ ] Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully by free use it will darken and give the hair a satin gloss it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor; 'William Brown,' also 'Buffalo Oil,' impressed on the bottle In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to adopt a new label engraved on copper, for which I have secured a copy-right, entered according to an act of Congress in the Clerk Office of the District Court of Massachusetts. Any infringement will be dealt with according to law For sale by

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall in the city of Boston commencing on MONDAY, SEPT 20, of the present year

The officers and trustees for the year 1841 having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and scientific, to offer for Exhibition and Premium articles in every department of Art, Science, and Taste, choice specimens of native skill and ingenuity, useful labor saving machines, implements of husbandry, and new models of machinery in all their variety in fine every species of article for any useful or ornamental purpose, made of wood stone metal or other material The products of the loom in silk, cotton, wool, hemp, flax or hair and all articles devised by female ingenuity or wrought by their industry will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed who in no case will be competitors for premiums on articles exhibited

In the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (whom we shall be proud to meet in this honorable field of competition), the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept 15th

Articles may be offered by Apprentices, (by permission of their Masters, who if required, must give their names, ages, and the time they have served as apprentices) which will be registered but will be judged as the productions of Apprentices

Arrangements will be made to exhibit, in operation any working models that may be offered, which will render the Exhibition useful and interesting

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent or HENRY W DUTTON, Secretary, 10 & 12 Exchange street (post paid)

[ ] Important Caution. [ ]

It is a singular fact and one much to be regretted, that valuable medicines as soon as they become popular and have received the test and approval of a discriminating public are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity It is therefore not less the duty than it continues to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless ingrates, who thus irresponsibly trifle with health and life

THEREFORE TAKE NOTICE.

There is a person by the name of J R ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS with the omission of only one word on the boxes viz WRIGHT The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine This person is tall and blustering, with a great I heatrical swagger He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent

IN THE MEANTIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840 Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in his every variety of form because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body The above outlets or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are allowed to open, and discharge freely their allotted portions of impurity the body will continue in health, but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exaustion, or any other cause, the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease

The above pills may be taken at all times and under all circumstances, with perfect safety They suit all complaints and all ages, and are as natural to the human constitution as food, consequently they can never injure even the most delicate Like our food they are digestible, therefore they enter into the circulation and impart an energy to the blood which enables it to flow with freedom quite to the extremities and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood, because they drain all corrupt humors from that life giving fluid They impart strength and vigor to the whole system, and their effects are always beneficial, because they only remove those humors which are opposed to health They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable it is utterly impossible to use them without benefit

Price 25 cents per Box with full Directions

WHIG NOMINATION.

FOR GOVERNOR.

EDWARD KENT.

COURT CALENDAR.

[Continued.]

State vs. *County Commissioners of Penobscot Co.* An *information* by Emery, Attorney General, June Term 1839, on behalf of State charging that Co. Commissioners had neglected to provide a House of Correction, and praying a mandamus commanding them to make such provision.

The County Commissioners filed an answer that the County having been subjected to very great expense in erecting other County buildings, had not erected a separate building for a House of Correction, but had provided one by making the brick House adjoining the jail a House of Correction till otherwise ordered, which order was passed April Term, 1839.

Weston C. J. gave the opinion. The answer of the County Commissioners having shown that a House of Correction had already been provided before the filing of the information, and there being no issue taken on said answer, it is to be regarded as a compliance with the law.

Mandamus denied.

Goodenow Attorney Gen. for State Rogers for defts.

Isaac Dennison vs. *Thomaston Mutual Fire Insurance Company.* Assumpsit on a policy of Insurance.

Plaintiff was insured $3000 on brick store and house on Main street, in the Washington Buildings. It was burned in Aug. 1838.—Defendants resisted payment on the ground that the application made by plff. did not truly represent the situation of the property. Warren Preston, Esq. was Agent of the Company at Bangor. The application was in his hand writing, and he testified that he and plff. concurred in its representations, which were that the small sheds in the rear of the building would not endanger it. They took fire from a building in the vicinity, and did in fact communicate the fire to building insured. It was a dry time, and the Fire Department were unlucky on account of a want of water and a defect in one engine.

Verdict at Oct. Term for plff. by consent and came before the full Court on the report.

Argued at this term and continued *nisi.*

Rogers and Cutting for plaintiff Preble for defendants.

Thompson vs. *Rufus Dwinel.* Trespass *quare clausum.* Deft. justified as agent of the Oldtown Rail Road Co. whose charter authorized the taking of land, giving security for damages. Plaintiff instead of resorting to the mode pointed out by the charter, brought this action.

At the trial, Shepley J. ruled that the charter was a justification for taking plaintiff's land if necessary for the making of the road. Verdict for defendant plaintiff took exceptions.

Argued at this term upon exceptions, and continued *nisi.*

A. G. Jewett for plaintiff Rogers for defendant.

Belknap vs. *Amos Davis.* Suit against deft. as acceptor of a draft drawn and endorsed by F. G. Norcross, Treasurer of the Penobscot Mill Dam Co. Deft. contended that the plff. took the draft on certain conditions, he being a stockholder in the company, and insisted that Norcross should be called as a witness, or proof be given of his authority to endorse and transfer the bill.

Argued at this term and continued *nisi.*

Hobbs and Moody for plaintiff Rogers for deft.

Stephen Fowell and al. (in Equity) vs. *John Freese.* Bill for conveyance of certain real estate.

Defendant demurred submitted on briefs of counsel, and continued *nisi.*

John A. Poor for plaintiff A. G. Jewett for defendant.

Amos M. Roberts vs. *Benjamin Bourne.* Writ of Entry for certain premises on Broadway. One Brown conveyed premises to David Greely, and took back a mortgage. Greely conveyed same to Ransom Clark, and Clark to deft.

Greeley's deed to Clark was not recorded, but Clark's deed to deft. was. Greeley's equity of redemption was attached after Clark's deed to deft. was recorded, and sold to plff. and the time of redemption had expired and he had received an assignment of Greeley's mortgage which has been foreclosed since the commencement of this suit.

Defendant's counsel contended that the registry of Clark's deed to him is notice to all persons taking title subsequent thereto, and that no equity of redemption remained in Greeley at the time of the alleged attachment.

Argued at this term and continued *nisi.*

Moody for plff. Cutting for deft.

Hancock Co. vs. *Eastern River Lock and Sluice Co.* Debt to recover penalty for neglect to open a fish way pursuant to an act of March 30, 1836, additional to the Act of March 24, 1835, for the preservation of fish in Penobscot River and its tributary waters. Same case in 16 Maine Rep., p. 303.

A new trial was had before Emery J., October Term 1838, and a verdict found for plff. Several objections were taken to the ruling of the Court, and more particularly to the instructions given to the jury that by law the opinion of the fish warden is by the statute made conclusive as to the sufficiency or insufficiency of a fishway, and as to what is reasonable time in which to do the work.

Argued at this term and continued *nisi.*

John A. Poor for plaintiff Abbott for defendants.

Wm. Bradbury vs. *Elihu Baxter.* Covenant broken.

At October Term, 1840, plaintiff came into Court and proposed to dismiss the suit as commenced without authority. Oliver Crosby claimed the right to maintain the suit in plff's name as his assignee. The Judge ordered a non suit, subject to the opinion of the whole Court.

Emery J. gave the opinion non-suit taken off, and the cause ordered to stand for trial.

John Appleton for plaintiff Rogers for defendant.

Ware Eddy vs. *Hollis Bond and al.* Assumpsit on a note for $100, payable to Gilbert Knowlton or bearer, in 1 year, and interest signed by Bond, James Austin, J. E. Collins, and Daniel Collins.

Bond and Austin defended on the ground of a material alteration of the note. It was originally made "*I*" promise to pay, and had been altered to "*We*" promise, &c.

It had no name on it as a subscribing witness when passed from def'ts, and when produced on trial had the name of a subscribing witness upon it who has deceased.

At the trial (Allen J.) in the District Court, ruled that the alteration from *I* to *We* was not material, and that the addition of the name of a subscribing witness was not material, unless fraudulently made, and that the law would presume such attestation rightfully made, and that the burden of proof was on the defts. to show that the attestation was made without their knowledge or consent. It was brought up on exceptions by defts.

Argued at this term and continued *nisi.*

A. G. Jewett for plaintiff John A. Poor for defendant.

Samuel Sherburne vs. *Abijah Jones.* Trespass for taking and carrying away a quantity of hay.

Defendant as an officer seized and sold on execution a mow of hay, on Execution vs. William Sherburne it was not taken away or even disturbed by the officer or purchaser.

Allen J. in District Court ruled this evidence insufficient to maintain trespass de bonis asportatis, and the plaintiff brought it up on exceptions.

Argued at this Term and continued *nisi.*

A. G. Jewett for plaintiff John Appleton for defendant.

CONGRESS.

The Senate did not set on Monday, the 5th.

The House met, and in committee of the whole, the Distribution and Pre emption bill was taken up.

Mr Wise spoke for three hours and a quarter in opposition to the bill, as laying the foundation for a protective tariff, as distributing revenue where there is now a deficiency, as inexpedient in every point of view.

Mr. Rayner took the floor and the House adjourned at half past one o'clock.

Although the House have manifested much of a working spirit, in refusing to adjourn over, on account of the anniversary of this nation's independence, there has been scarcely a quorum in attendance for the whole day.

New Invention for Navigating the Ocean. The New York Tribune states that J. A. Etzler, a native of Germany, and now a citizen of the U. States, has made an invention which is confidently expected to supersede steam in navigating the ocean. The advantages consist in a new plan of sails which will secure the whole power of the wind, and can be far easier managed than the present sails; and in applying the force of the waves as a propelling power. A company with sufficient means has been formed in Philadelphia, to secure the patent rights in the principal States of Europe, and one of the partners, as agent for the company is about to sail for England.

☞ We would call the attention of parents to the advertisement of Mr. Bartlett, who proposes to open a grammar school in this city. Mr. B is amply qualified to teach this important branch of education, and parents should not suffer the opportunity to pass, of placing their children where they can so cheaply and readily obtain a knowledge of grammar.

☞ The Whigs of Kennebec county have called a convention for the nomination of county officers, to be held at Augusta on Wednesday the 28th inst. The Whigs of Somerset are to hold a convention on the 29th inst.

☞ An unsuccessful attempt was made on Thursday night last, to force the safe of the Globe Bank, Boston.

The robbers succeeded in cutting off the head bolt of the first padlock, and there stopped. Whether they were unable to open the locks, or were frightened from the work does not appear.

☞ The political abolitionists, at a Convention held at Winthrop last week, nominated Jeremiah Curtis, of Calais, as their candidate for Governor.

British Whigs. The Belfast Journal quotes the following from the Quebec Gazette. We suppose the Journal is still of opinion that the Whigs of this country are *British* Whigs!

"Inconsistencies, such as these, augur very unfavorably for President Tyler in the outset of his official career, when it might have been expected that, at all events, with the commencement of a new administration, harmony and decorum would have been the order of the day. Verily, there is not be[illegible] in the "state of Denmark" so [illegible] in republican institutions, their vaunted superiority, to the country, [illegible] ding, [illegible] high loud, [illegible] der reflection."

The Drunkard's Appeal. Despite all that the friends of Temperance have achieved, the Drunkard is still in our midst. As he reels through our streets, clothed in rags, pollution and wretchedness, he preaches a silent lecture, compared with which, if it would be duly heeded, words are but "poor and frigid." It is true that many have reformed, and it is a fit matter for rejoicing: but what are they in comparison with the number that in one short year go down to a fearful doom? But here let me remark that it is highly probable that but few, very few, of those reclaimed have been confirmed, inveterate drinkers. For of such it may truly be said; that "when *they* fall, they fall like lucifer never to hope again!"

Poor deluded men! What heart will not bleed for them! "You mistake," said an eloquent speaker, "you mistake, if you think the drunkard has no feelings: he feels; and deeply too." Yes, he who imagines the drunkard has no feeling, does indeed mistake. That drunkard is a *man*, and he has still the *feelings of a man.* He is a lost, undone, and ruined wretch—but a consciousness of this only tends to heighten the poignancy of his grief! He is a father a brother a son: and as at times his troubled conscience reminds him of the golden past, and warns him of the boding future as he looks up from the low scene of his pollution to the fair heights of virtue from which he has fallen he feels the full weight of mortal agony he drinks the full dregs of the cup of trembling, and wrings them out and in despair he flies to the bottle to drown his anguish and despair.

Reader, have you ever heard a drunkard tell his story? We heard him once, as related by a lamented bard, (Rockwell.) and we have never forgotten it. Should you hear it, we believe you would not forget it. He tells it with a pathos, a feeling, to which we should in vain attempt to attain. The story should never be out of circulation, and we will give it anew, and you may make your own comment. N. Y. Sun.

"THE INTEMPERATE.

"Pray, Mr. Dram drinker! how do you do?
What in perdition's the matter with you?
How did you come with that bruise on the head?
Why are your eyes so infernally red?
Why do you mutter that infidel hymn?
Why do you tremble in every limb?
Who has done this! let the reason be shown,
And let the offender be pelted with stone!"
And the dram drinker said, 'If you listen to me,
You shall hear what you hear, and shall see what you see.

"'I had a father: the grave is his bed.
I had a mother: she sleeps with the dead.
Freely I wept when they left me alone
But I shed all my tears on their grave and their stone.
I planted a willow I planted a yew
And I left them to sleep till the last trumpet blew.

"'Fortune was mine, and I mounted her car:
Pleasure from virtue had beckoned me far.
Onward I went, as an avalanche down,
And the sunshine of fortune was changed to a frown!

"'Fortune was gone and I took to my side
A young, a lovely, and a beautiful bride!
Her I entreated with coldness and scorn,
Tarrying back till the break of the morn;
Slighting her kindness, and mocking her fears—
Casting a blight on her tenderest years;
Sad, and neglected, and weary I left her
Sorrow and care of her reason bereft her
Till, like a star when it falls from its pride,
She sunk in the bosom of misery and died!

"'I had a child, and it grew like a vine:
Fair as the rose of Damascus was mine;
Fair and I watched o'er her innocent youth,
As an angel from heaven would watch over truth.
She grew like her mother in feature and form
Her blue eye was languid her cheek was too warm.
Seventeen summers had shone on her brow
The seventeeth winter beheld her laid low!
Yonder they sleep in their grave, side by side
A father a mother a daughter a bride!

"'When they had left me, I stood here alone
None of my race or my kindred was know;
Friends all forsaken, and hope all departed
Sad, and desponding, and desolate hearted
Feeling no kindness for aught that was human,
Hated by man, detested by woman
Bankrupt in fortune, and ruined in name
Onward I kept in the pathway of shame;
And, till this hour, since my daughter went down,
My brow has but known a continual frown!'

"Go to your children, and tell them the tale:
Tell them his cheek too, was lividly pale;
Tell them his eye was all bloodshot and cold
Tell them his purse was a stranger to gold
Tell them he passed though the world they are in
The victim of sorrow and misery and sin!
Tell them when life's chanceful conflicts were past,
In horror and anguish he perished at last."

Resuscitation from Drowning. A boy about 8 years of age fell into the river at Haverhill, one day last week, and his body was not recovered until it had been under water all of ten minutes. He was then taken to a dwelling house near by where the application of warm blankets and gentle friction had the desired effect of restoring life, though to all appearance the child was dead, his face and hands having become discolored, and pulsation entirely ceased.

In remarking upon this case, Dr. Spofford, of the Haverhill Gazette, says that 'many persons, in the case of a drowning person, are disposed as the first relief, to roll the body on a barrel,' the consequence of which, in our opinion, is *certain death*, if any chance of life is remaining. We believe not *one* in a hundred would be restored by this method, while the application of warmth, in any manner, by blankets or a warm bed, will restore *ninety nine* in a *hundred.*

A Promising Child As a little girl about knee high to a grasshopper was passing along with a more volatile companion, a few evenings since, the latter tipped gaily forward and called to the former to hasten her steps. But my lady replied with great dignity and disdain "No! Ma'll not let me be *so easy on as to run.*" The infant prodigy will be quite distinguished in the fashionable world *Salem Reg.*

To Apprentices. The only way for a young man to prepare for usefulness is to devote himself to study during his leisure hours. First, be industrious in your business. Never complain that you are obliged to work; go to it with alacrity and cheerfulness, and it will become a habit that will make you respected by your employer and the community. Make it your business to see to and promote your employer's interest: by taking care of his, you will learn to take care of your own. Second, be industrious in your studies. Few persons can complain of a harder master than Franklin, yet he had laid the foundation of his greatness while an apprentice. Success depends not on the amount of leisure you may have, but upon the manner in which it is employed.

Having. A certain farmer, who had not yet joined the temperance society went into the field where his workmen were mowing, one day, after 11 o'clock, and affected to be highly pleased with their work; but just then, making a misstep, and finding himself in a horizontal position, he changed his tune, and exclaimed, in a rough and harsh voice, "You lazy rascals, "you don't half cut your grass. I thought at first view that your work was pretty well done, but when I come to *lay down to look at it*, I see that you don't understand your business.

Another Head Off! This cry, with "Guillotine "keep the axe going," &c., continues to be repeated by the opposition papers at every removal of one of their party from office. This is nothing less than open confession that a locofoco without an office, is a creature without a head good for nothing at all; that he possesses intrinsically, neither eyes, nor ears, sense, perception nor understanding but owes *every* thing thing—to the "appointing power" that his intellect lies in his lees, and he is never sure of the possession of brains till he sees his quarter's salary When these people hear the news that the "public have no further occasion for their services" they are cut off from all community with the living and breathing world become dead men straightway, and walk the earth with their heads under their arms. This is no very flattering picture of the loco foco party, but as they have drawn it themselves, we do not see how they can complain that we have "glassed and framed it." [Bost. Courier.

TEMPERANCE MEETING IN BANGOR.

Mr. HAWKINS, of Baltimore, will be in this city next week, and will address the people on the subject of Temperance.

On Thursday evening of the 15th inst. there will be a meeting at the City Hall.

On Friday, there will be a meeting during the day, of which, as well as of other meetings which may follow, a more particular notice will be given.

At these meetings all persons are invited to attend from both city and country. Per Order.

Bangor, July 10, 1841.

DIED,

In Milford, on Saturday morning, June 26th, Miss Lucy P. Wright, daughter of Col. Samuel and Martha Wright, formerly of Westford, Mass., after a long and severe sickness of four months.

The circumstances of this bereavement to her friends are peculiarly affecting. She was the only daughter of fond parents, and the sister of an affectionate brother, Upon her their hopes had anticipated a solace for their advancing years; and the kind and gentle spirit which she possessed, seemed to warrant their anticipations. The kind attentions of friends and neighbors, the generous sympathy expressed by them, the gloom which this event has spread over the circle of her acquaintance are evidences of the worth of character, and of the high esteem in which she was held by all who knew her. Religions' gentle power had possession of a soul naturally pure; it had alienated the strivings of an earthly existence, and had quieted the fear of death; for she was ready to meet her Redeemer, although during the last struggles of her existence, the wild tempest howled a dirge, as if anticipating the change then about to ensue. Still all was calm within the temple of that pure heart, and the closing scene of that loved one's life seemed to say to us, "Be ye also ready." [Communicated.]

Adams's Venuis Water.

THE true Remedy! the Sovereign Restorative!! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study ten of which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss, the sovereign restorative in case of a deficiency, and the grand producer of that most beautiful ornament of "the human form divine," THE HAIR!

That it may be known that this Venuis Water is an invaluable article, I will state that in the first years of my labors upon it, its application to the head for two consecutive seasons, was necessary in order to establish a good growth of hair, but now only one season is required, so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone, *three hundred and forty heads* which were once bald, can, by the heavy growth of hair upon them, bear witness to the wonderful effects which this Venuis Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable, which have been given me by individuals who have derived benefit from this Water.

Mr. T. D. ADAMS. Having availed myself of the extraordinary benefits of your Venuis Water, I feel it my duty to the public, as well as to yourself, to submit for their perusal a plain statement of the facts in my case. I had been entirely bald for seven years, and had lost my eye brows, during which time I tried the remedies of three physicians without any benefit.

In reading over the advertisement of your celebrated Vennis Water, I concluded to try it, and now am the proprietor of a fine head of hair and a beautiful pair of eye-brows.

Miss ELIZA WORTHINGTON.
Bangor, May 8, 1841.

This is to certify, that I have used Mr. Adams' Venuis Water for baldness of the head, and that it has restored me a good head of hair, where before using it the hair was entirely gone. I also have used other medicines which have started the hair, but it would come out again. But the Venuis Water has restored it so that it is as strong and stronger than before I first lost it. And to all those who are troubled with baldness, I would say be sure and call on Thomas D. Adams, and try it immediately and you will have your hair growing again forthwith.
ARTEMAS J. EGERY.
Bangor, May 14, 1841.

This may certify, that for the last six months I have used T. D Adams' Venuis Water, and have the satisfaction to say that the top of my head, which for a long time was bald, is now entirely covered with a good growth of hair.
EDMUND HOLT.
Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair, from which I have never received any benefit, some even having proved injurious, until the past summer, I made use of Thomas D. Adams' Venuis Water, which has entirely exceeded my expectations, and covered my head with a strong growth of hair.
HANNAH PALMER.
Bangor, May 15, 1841.

This may certify that the hair upon the top of my head, being nearly gone and the remainder fast dropping off daily, I was induced by Mr. T. D. Adams, to try his Venuis Water, and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced, as I suppose, by the use of his remedy.
E. HARRIS.
Bangor, Feb. 3, 1841.

This may certify that I called on Mr. T. D. Adams in May, 1836. I used his Venuis Water for three months and it has produced as much hair as I wish to have on my head.
Bangor, Sept. 1837. NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T. D. Adams' Venuis Water for three months my hair has been restored.
Bangor, Feb. 15, 1841. CALEB B. HOLMES.

I have used Mr. Adams's Venuis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing.
Bangor, Feb. 8, 1841. MARY JONES.

This may certify that for the last six months I have used Adams' Venuis Water. And have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair.
Bangor, Feb. 12, 1841. WM. FROST.

This may certify that for the last twenty years the top of my head had been bald, but now is well covered with a good growth of hair, I used the Venuis Water for four months.
Bangor, Feb. 15, 1841. E. R. WARREN.

This certifies that I have used a preparation made by Mr. Thos. D. Adams of this city, to restore hair to the head, after it had fallen off, and having derived much benefit from it, I would cheerfully recommend its use to others.
Bangor, Feb. 16, 1841. A. HOLTON.

Health and Strength!

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 10 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a REGULAR PHYSICIAN and Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them, on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and small round bottles, purporting to be mine,

ARE RANK COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts;" and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

DR. SEARS' UNIVERSAL SANGUINARIAN---OR BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an "infallible cure" for all diseases "that flesh is heir to," whatever their character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish solid ground for presuming the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom the grand source of support to animal existence. But in the combination, the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances, this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system and when it is farther considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, inspires and strengthens nature, and works its wonders, by generously cheering her on to a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but safe, because it aids and co-operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

CONSUMPTION AND LIVER COMPLAINT.

BALSOM OF LIVERWORT

DR. TAYLOR'S BALSOM of LIVERWORT has been used successfully for eight years in the Cure of these Diseases. ☞ Remember! the original and genuine is made ONLY at 370 Bowery, New York, and others are spurious and unauthorized.

CONSUMPTION & LIVER COMPLAINT.

As a general remedy for these diseases, I am fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liverwort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It cleanses the lungs by expectoration, relieves difficult breathing, and heals the chest. There can be no question, but this medicine is a certain cure for chronic coughs and colds. I have used it for four years in my practice, and always with success. A. F. RODGERS, M. D.

☞ SPITTING OF BLOOD. This disease consists of a discharge of blood, often frothy, from the mouth, brought up with walking and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes it is preceded by an oppression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption, and immediate remedies can alone save this end. But Dr. Taylor's Balsom of Liverwort is a sure remedy, and to shew its unparalleled success, certificates of cures from 421 citizens, and many physicians, will be published in a few days.

☞ NERVOUS DISEASES AND WEAKNESS. Dr. Taylor's Balsom of Liverwort made at 370 Bowery, is assuredly an excellent remedy for these diseases. My wife has been more or less ill for ten years. She was extremely nervous and at times so weak that she could not attend to her domestic duties. By the use of this medicine, her strength is wholly restored, and she is as healthy as I can wish her to be. My address is at Dr. Taylor's office.

CURE OF CONSUMPTION. Mrs Martin, a worthy member of my congregation, was taken ill some time since with a cold, pain in the breast and some difficulty of breathing, and in a few days thereafter she had a violent cough and violent pain in the sides, which no medicine would relieve. She continued in this way for a long time under the medical care of Dr. Rea, but finally became consumptive, and was evidently near the end of her earthly sufferings, when her brother persuaded her to try Dr. Taylor's Balsam of Liverwort. When she commenced this medicine it did not seem to agree with her for a few days, but by lessening the dose she found it answered admirably. It relieved her cough and her difficulty of breathing instantly, and we had the pleasure of witnessing her rapid recovery to health.

NEW AND IMPORTANT DISCOVERY.

DR. PHELPS' COMPOUND

TOMATO PILLS,

(ENTIRELY VEGETABLE.)

A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also, a

Substitute for Calomel;

as a Cathartic in Fevers and all Bilious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Bilious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases, and for Bilious and Liver affections Fever and Ague, &c., in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary Family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scirrosities and Scrofulous taints in all their forms, and if persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System, that their effects are peculiar and patent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future developement of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify, and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered, adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was induced by the hope that a medicine prepared with much care, and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find them a powerful assistant to nature, in the important change in the functions of the system, removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills of are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scorofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

As a Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in desserts or fruit.

☞ For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

*** Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the label is signed G. R. PHELPS, M. D. Price 37 1-2 cents, with full directions accompanying each Box.

From the Boston Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum class of plants, particularly in the Tomato, which promises to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the Liver also an antidote to Mercury. It is embodied in the Compound Tomato Pills, which are truly worthy of a trial.

From the Patriot & Democrat.

PILLS. Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical Faculty, and the approbation of those who have used them, we would expect they would supersede all others in use, as a family Medicine. Being introduced by a respectable and practical member of the Medical profession, and character in this vicinity is a sufficient guarantee for the character of his medicine, we are enabled thus confidently to speak of it, and fully believe it is entitled to the confidence of the community.

From the N. Y. Transcript.

COMPOUND TOMATO PILLS.

Dr. Phelps, of Hartford has brought into successful use a most invaluable medicine in the Pill form, the chief component of which is derived from that healthy and pleasant vegetable, the Tomato. As this plant is known to possess medicinal virtues of a high order, as well as a large amount of nutriment, to the medicines into which it is compounded, is known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a bilious type generally. It is an excellent substitute for calomel, as an anti-bilious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

DR. ALLEN'S BALSAM of Horehound, Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds, Coughs, Spitting of Blood, Catarrh, Asthma, Difficult Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Horehound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments has been able to extract from these medical roots a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children labouring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much anxiety and expense, let them procure Dr. Allen's Balsam; and whenever a child has a cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, risk one thousand families employed this remedy in the city of New York. The consequence was, the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures performed in the month of May, 1839, as furnished us by the agent, and published in the New York Sun.

"Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root during the month of May, 1839, as has cured and completed the cure of:

Consumption in	1121
Liver complaint	102
Dyspepsia	196
Asthma	91
Palpitation of the Heart	87
Raising Blood	66
Total	1652

"The number of Colds and Coughs cured by the medicine are too numerous to report."

***CAUTION Purchase none unless the Certificate of Copyright on wrapper and the written signature of B. D. ALLEN, M. D. appear.

The following certificates show the high estimation in which Dr. Allen's Balsam is held.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint, and we do strongly recommend it to the faculty and the public generally.

Dr B. D. ALLEN. Dear Sir For a year past I have been in the habit of prescribing your Balsam of Hoarhound, Liverwort and Pleurisy Root to my patients in private practice. I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma, and Bronchitis I have found it a very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be, yours, &c.

Dr. B. D. ALLEN. Dear Sir I am most happy to inform you that your Balsam of Hoarhound, Liverwort and Pleurisy Root has cured me of a Liver complaint; a disease under which I had laboured upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance has it been successful. Hoping that God may spare your life for usefulness, I am respectfully yours.

NOTICE OF FORECLOSURE.

THE subscriber, of Bangor, county of Penobscot, and State of Maine, hereby gives public notice, that Robert Boyd and Lendal G. S. Boyd, both of Portland, in the county of Cumberland, by their deed of mortgage dated Sept. 21st, 1835, duly recorded in the Penobscot Registry of Deeds, book 68, page 253, conveyed to the subscriber an undivided quarter part of a certain piece or parcel of land situate in Bangor, aforesaid, on the West side of Kenduskeag River, and described as follows, viz: Beginning in a line of the Avenue road so called, in a line of land owned by William Williamson, thence westerly in said line to the end of the lot to a stake; thence at right angles to Carmel road, so called; thence by the line of said road to a stone with a hole in it; thence at right angles in a line of land owned by William Emerson to the Avenue road aforesaid; thence in a line of said road to the first mentioned bound, being one fourth part of the same land named in said William's Deed to said R. and L. G. S. Boyd and others, dated the day and year aforesaid, which said four parts the said R. and L. G. S. Boyd re conveyed to me to secure the payment of certain notes of hand mentioned in said mortgage to which reference is had; and whereas the conditions of said mortgage have been broken by reason of the nonpayment of the sums expressed therein, the subscriber therefore claims to foreclose said mortgages and gives this public notice of his claim and foreclosure, in pursuance of the statute.
